Sanguinary Engagement Lasting Two
Days Takes Place in Mazatlan
Mountains and Victory For
Mexican Forces.

Government Fears That if Peace Is
Asked: People, Would Say They
Had Been Betrayed and a
Crisis Arise.

La Colorado, Mex., Feb. 23.—The Mexican forces under General Torres, numbering about 400, killed a score of Yaquis and took 162 prisoners in a two days' battle with the savages in the mountains east of this camp. When the fight ended, General Torres, with his staff, two-thirds of his force and the prisoners returned to La Colorado. The Mexican officers refuse to make any statement of their own losses until they make their official report, but private soldiers of the force, who took part in the fight, says they were considerable, although there were sick and wounded among the returning troops. It is said there were 200 warriors in the band surrounded by Torres in the Mazatlan mountains. About 100 of these broke through the Mexican lines and escaped, but the main force was hurled at a detachment commanded by captain Luis Barron, an old Yaqui fighter, who was guarding one of the mountain passes. He succeeded in holding the savages in check until the arrival of reinforcements, when they were driven back and finally surrendered. The final onslaught had been preceded by two days of skirmishing. The troops were worn out, the rains had set in and Torres had decided to withdraw to La Colorado with his prisoners, abandoning the pursuit of those who had escaped.

He left garrisons at all the small towns and ranches which had not been abandoned and expects to return to the district if the few Yaquis who escaped continue to cause trouble.

The expedition from which General Torres and his force just returned was brought about by the murder of four Americans near La Colorado some time ago.

REPLICA PRESENTED.

Original of the Marble Bust of "Father of His Country."

Washington, Feb. 23.—Ambassador Jusserand presented to the country Wednesday the replica of the original of the marble bust of George Washington, which was destroyed by fire in the library of congress in 1851. The ceremonies took place in the rotunda of the capitol, where the bust was unveiled and placed in the president's room in the senate wing, where speeches were made by the ambassador on behalf of the French donors and by Senator Wetmore of Rhode Island and Representative McCleary of Minnesota on behalf of the two branches of congress. President pro tem Frye of the senate presided.

The French ambassador placed in a receptacle of the pedestal documents containing a history of the bust, and announced that the acceptance by the United States of the gift from France sealed eternal friendship between the nations.

Senator Wetmore read a resolution adopted by congress and accepting the gift and the ambassador made a speech of presentation. During the proceedings the sergeant-at-arms of the senate arrived under orders to produce six senators to secure a quorum. They went to the chamber, answered to their names and returned.

DEPUTY MARSHAL SLAIN.

Died Was Done by a Cherokee Indian. Who Made His Escape.

Siloam Springs, Ark., Feb. 23.—John Henry Vier, a deputy United States marshal of the Indian Territory, has been shot and killed in the Territory sixteen miles west of here, by Charles Wyckley, a Cherokee Indian. Vier, with a posse was hunting hog thieves and stopped at the home of an Indian named Hogshooter. Wyckley was in an adjoining room. Vier stepped to the door to investigate, when a shot was fired, the bullet piercing the heart of Vier, causing instant death. Wyckley escaped. He is wanted for the shooting of a deputy marshal over a year ago.

NOTED DIVINE DIES.

Father of Two Well Known Educators of Texas and Louisiana.

Columbia, Mo., Feb. 23.—Rev. Dr. J. A. Lefevre, at one time moderator of the Presbyterian general synod of the United States, and for forty years a Presbyterian pastor in Baltimore died Wednesday, aged seventy-five years. He was the father of Prof. Arthur Lefevre of Dallas, former superintendent of public schools of Texas, and Professor Albert F. Lefevre, a professor of philosophy in Tulane university, New Orleans.

Cut Hole In Roof.

Oklahoma City, Feb. 23.—Charles Cook, who was arrested on the charge of stealing \$600 worth of clothing from the Scoresby Tailoring company, escaped from the county jail by cutting a hole through the roof.

Berlin, Feb. 23.—The emperor of Russia has decided to continue the war and the German court has been advised in that sense. The war will be pressed with the utmost energy, the domestic situation being now within the control of the authorities. Those who have advised peace and suggested inquiries for Japan's terms, the French and British governments, are for the present silent and likely to remain so unless events of extraordinary character shake the Russian emperor's decision. The considerations that led to the emperor's resolution as understood here are:

First—Judgment of chiefs of the army that Field Marshal Oyama not only cannot defeat General Kuropatkin, but stands in danger of defeat himself. How cowardly it would be, therefore, for Russia to ask for mercy with all the men and money essential to successful war!

Second—All forces of criticism now directed against the government for having fought rather than yield to legitimate interests and for having failed to win victories would be continued, with added fury against the government that it had accepted war and then betrayed the country. A government that would crave the peace of Russia's enemy while still capable of winning victory, would be giving the party of change genuine grounds for a revolution. Facts of the military situation, love of country and the argument of expediency were all against peace and for pressing the war hopefully.

NO TRAINS RUNNING.

Attempt to Install Soldiers as Firemen Costly Experiment.

Warsaw, Feb. 23.—No trains were running in either direction Thursday on the Vienna railroad. The management attempted to install soldiers as firemen, but the strikers had plugged the water gauges, with the result that the amateur firemen ruined four locomotives. The strikers also derailed a number of cars. The men demand eight hours per day and an increase of wages. The directors offered to increase the wages of some employees and grant nine hours a day, but the strikers refused. A manifesto issued by the strikers say they struck to show their solidarity to other trades at this important juncture of the labor movement and because the management oppressed and exploited the men.

The employees of the government alcohol monopoly have walked out.

GOING HOME.

Numbers of Paroled Russian Officers Arrive at Niuchwang.

Niuchwang, Feb. 23.—Numbers of paroled Russian officers who took part in the defense of Port Arthur, claiming they are on their way to their in Siberia, reached here from Shanghai and go hence to Simintin. From the latter place they are going to Mukden in carts, traveling at night so as to avoid Chinese bandits.

Russian agents west of the Liao river keep in touch with certain inhabitants of Niuchwang, and it is believed several foreigners who have since removed from here inspired the first Russian raid on this place.

The Japanese administration is now taking necessary steps to prevent repetition of leakage of information.

BIG BATTLE RUMORS.

No Confirmation, but the Japanese Are Active on Both Flanks.

St. Petersburg, Feb. 23.—Although the city Thursday continued full of rumors that a big battle was proceeding below Mukden, the war office did not offer any confirmation of the reports. Special dispatches, however, as well as can be judged by the mutilated manner in which they are allowed to pass the censor, portended the imminence of extensive operations. The Japanese are showing activity on both flanks and the railroad has again been damaged by a raid of mixed Japanese and Chinese bandits.

Headed Westward.

Frederickshaven, Denmark, Feb. 23.—The Third Russian Pacific squadron, commanded by Rear Admiral Nebogoff, left Skagen bay, heading westward, during Wednesday night.

NEARLY MASHED.

Mrs. Carry Nation Has a Narrow Escape at South McAlester.

South McAlester, I. T., Feb. 23.—While lecturing to some men on cigarettes at the depot here the train Mrs. Carry Nation had been a passenger on started off. She attempted to catch the handholds on the car steps, but grabbed one bar with both hands and her body was swung between the cars. She was hastily pulled out by a newspaper man and thrown on the car steps. She was not seriously injured.

Another Carload of Hogs to Fort Worth. Items that Read Well for a Brazos County Neighborhood.

Harris School House, Feb. 23. — Uncle Jim Nichols is very sick and has been for some time.

The stock are doing very bad on account of bad weather and short feed. Some of them look like the bird hunters had had hold of them. Jay Harris has one horse that looks like he has been shot, and Mr. J. J. Parker has lost one.

Messrs. Joe Thomas and Dick Woods have put in a new hog pasture this bad weather.

A. & M. HORTICULTURAL STUDENT'S PRACTICAL WORK IN EAST TEXAS.

When we arrived at Morrill, Texas, June 9, 1904, we were taken in charge by Mr. Morrill, manager of the Morrill Orchard Company.

The following day we went into the field with a crew of pickers and began picking tomatoes. Anyone who is not particularly interested in this line of work does not realize that it requires skill. But upon entering a field where tomatoes are grown on a large scale he will see his mistake.

Theory alone will not enable a person to supervise a crew of men, nor will it make anyone capable of doing the work as a practical man would.

From the following illustration practical experience must accompany theory.

Watching the pickers as they went down the rows, grasping tomatoes first on one side, then on the other, it appeared as if they were picking green fruit, and we had to learn the following way to determine those ready to be picked. On the under side of each tomato there should be a yellowish color, indicating the first stage of ripening. And again, upon grasping the fruit it should readily slip from the stem. The reason they were picked at this stage was because they were to be shipped several hundred miles, and that they would be in proper condition for use upon arrival.

The fruit was put in half bushel baskets carried on arm of the pickers, and as soon as enough baskets were filled for a wagon load they were hauled to the packing house. The work in the packing house was done by boys and girls, brought down from the North at the expense of the Morrill Orchard Company.

The tomatoes were placed in trays according to grade, and then packed into one-eighth bushel baskets. Four of these baskets were placed in a crate, and those crates holding first grade fruit were labeled, and those of second grade were not.

Tomato season went out during the latter part of June, and cucumber, squash, and cantaloupe came in. If a cantaloupe is poorly netted, it always takes a low place on

the market, and such was avoided as much as possible.

In picking the cantaloupes they were to be well netted, have an ashy color, and when the finger is placed upon the stem it should easily slide from the cantaloupe. In this stage they are in condition desirable for shipment of several hundred miles.

The crates used were made of slats, and held about 36 first-class cantaloupes. They were packed in these crates to such a height that the slats used on top would come in contact with the cantaloupes enough to hold them firm.

The foregoing is from the Battalion, printed at College Station, by the A. & M. students.

"A Colored Citizen" writes a good letter for the Eagle on the race question, which we would like to publish if we could, consistently with the well-known newspaper rule, that no anonymous communications are printed unless the writer accompanies them with a note disclosing his identity. We hope the writer will see this and either write or come in person and tell us who he or she is. We do not care to "print his or her name, but only wish to know it ourselves.

WORK FOR THE BOYS.

The Eagle prints an article elsewhere under the caption "A. & M. Horticultural Student's Practical Work in East Texas." This article is copied from the Battalion, the A. & M. College students' paper. It is printed in the Eagle for a special purpose, to show to the boys in and about Bryan who may be coming summer be out of employment, that there is an opportunity for them to get work in East Texas that will be profitable and remunerative to them. Take a boy who is going to the Allen Academy. The vacation begins in June, and he has about three months out of school. Is it well for him to spend this three months in idleness, loafing around Bryan, picking up a little job occasionally, perhaps, but most of the time idle, and turning his mind into that condition which has been described as being a certain unpopular individual's work shop? Would it not be better for him to get on the train and go to some of the centers of fruit and vegetable growing in East Texas and seek employment where he will earn some money, and learn something useful, besides also learning to avoid the habit of idleness? It will be noticed that the work in one of the packing houses was done by girls and boys brought from the North. Why is it necessary to send North for boys and girls to do this important, well paid work? Why cannot Texas boys keep this money at home?

An Eagle man investigated this matter a little since reading the article referred to, and learns that the demand is fine for good industrious boys, and that they can earn from 75 cents to \$1.50 per day. We should like to hear of a movement among our boys who will have a summer of leisure, to go to the fruit lands and seek this honorable and useful employment.

W. F. Dranan and wife arrived here yesterday, with a view of locating in Bryan. Mr. Dranan is the famous scout, whose book, "Thirty-one Years on the Plains and in the Mountains," is familiar to most readers. He is one of the heroes of the early days of the west; an associate of Kit Carson, with whom he spent his boyhood. His history is a part of the history of the western frontier, and he is one of the interesting characters that we like to read about.

Mr. T. J. Lloyd, who grew Irish potatoes at Jacksonville last year, says Brazos county has a great advantage over that part of the state in the matter of potatoes, and tomatoes also. He says we are ten days earlier than they getting to market.

The Ladies Aid Society of the Baptist church will have a cake sale at the residence of Mrs. R. S. Webb Saturday morning of this week from 9 to 12. 68

THE STOMACH IN WINTER.

Hearty Food Puts Extra Strain on This Important Organ.

Winter is a little more than half over, and the results of its hearty food are shown in the variable appetite, nausea, gnawing at the pit of the stomach, heartburn, sallow skin, furred tongue, headache, backache, and sleeplessness. The stomach has been overworked, the nervous system is unstrung, the blood is in bad condition, the digestive organs are tired out.

It is at this season of the year that Mi-o-na, the only remedy known that gives strength to the stomach and digestive organs, is of especial value.

Mi-o-na is not a bit-or-miss cure, but is an unusual combination of remedies that makes it infallible in restoring health to the stomach and digestive system. It overcomes any acid condition that may be present in the stomach and intestines, soothes and heals the irritated mucous membrane, has a stimulating effect on the solarplexus, and combines peculiar properties that strengthen the nerves of the stomach and puts the whole digestive system in so healthy, clean and sweet a state that fermentation of the food cannot exist, any disease germs in the stomach will be destroyed, and the digestive system will be so strengthened that it will extract from the food all the elements that make solid bone, firm muscle, and pure blood. It is a guaranteed cure for all diseases of the stomach, excepting cancer.

The guarantee on Mi-o-na is given by one of our best known druggists, E. J. Jenkins, who agrees to refund the price, 50 cents, should Mi-o-na not give perfect satisfaction. Ask him to show you the guarantee he gives with every package. 4

The Commissioners court of Brazos county took a step yesterday in the direction of contributing to the welfare of the people for whom they legislate, and one that characterizes them as men of far-sightedness and progressive spirit.

It is not well for commerce to have any shackles fastened upon it. Tariff dues, toll fees, and all like hindrances to trade divert traffic from its natural channels, and affect property values to a degree far out of proportion to their seeming importance. A large trade from the Eastern portion of Burleson county naturally belongs to Bryan. If it comes here, it increases the business of this town, builds up property values here, from which the county collects taxes; and besides these considerations, it is the duty of our court to take action looking to the welfare of our own people, whenever our interests are in conflict with the trade interests of other counties. The court on yesterday made a contract with T. R. Batte leasing his ferry and ferry boat for the term of one year, and will make Batte's ferry free to the public.

The price paid by the county was small—only \$20.00 a month, the county to employ the ferryman and run the ferry. The total cost to the county will be about \$600.00 a year. Commissioner Arrington will go to Batte's Ferry and make arrangements to open it up to free traffic, beginning next Monday.

The result of this enterprise on the part of our court will be that lots of cotton that has heretofore gone to Brenham and other points will come to Bryan. With it will come business of all kinds. Where a man's market is for his principal staple, there he will keep up various connections of a business nature—there he and his employees will go, and such market will get the principal benefit of his trade.

The commissioners court are acting in this matter of unshackling Bryan's trade in a very business-like manner. They have already made a proposition to the stock company that owns the Pitts bridge, that will be acted upon by the stockholders of that company today. It is believed that the company will accept the county's offer, although some of the stockholders contend that the price offered by the county is too low. Public sentiment is generally in support of the court, as it is generally believed that the county's offer is liberal enough. Many of the stockholders are themselves interested in the advantages that will come to the town from the removal of toll fees at this important river crossing, and will probably consent to a little sacrifice of their personal interest in the bridge stock rather than stand in the way of this substantial benefit to Bryan's trade.

The Eagle hopes that as a result of today's work the last vestige of restriction on Bryan's trade in the nature of tolls and fees will be forever removed.

Berlin, Feb. 23.—A dispatch to the Lokal Anzeiger from Warsaw says the Russian minister of railroads has telegraphed that by command of the emperor all the demands of the workmen on the state railroad are to be immediately granted.

CONTAINED A BILL.

Sensational Incident in Lower House of Indiana Legislature.

Indianapolis, Feb. 23.—Representative Annas Baker, addressing the speaker from his seat in the Indiana legislature, announced that he had received a sealed envelope which he held in his hand, with the request that he vote against the anti-cigarette bill. "I have not opened the envelope," said he. There were cries of "Open it," and Mr. Baker tore it open. It contained a \$100 bill. An investigation has been ordered.

Affidavit Issued.

Indianapolis, Feb. 23.—An affidavit has been issued for the arrest of former State Senator O. A. Baker of Marion, charging him with attempting to corrupt Representative Baker. The investigating committee, with the assistance of Attorney General Charles W. Miller, who did the questioning, wrung from Representative Baker the name of the ex-state senator only after half an hour of persistent and cleverly planned questioning. Mr. Baker stated he had to promise the alleged briber not to divulge his name in order to draw him out.

CHAPEL MARKING SPOT WHERE ALEXAN-
 DER II. WAS ASSASSINATED.

there was a considerable display of
 troops on the streets. Grenadiers of
 the Kieff regiment furnished a guard
 at Chaudoff monastery, which was the
 scene of the funeral services.
 So far as the public is concerned
 nothing could be seen beyond the car-
 riages of those invited to the funeral,
 which quickly filled the small avail-
 able space. After blessing the body it
 was conveyed to the adjoining church
 of St. Andrew, where it was laid on
 a catafalque. The coffin was conce-
 aled by a mass of floral wreaths and
 crosses. Officials of Grand Duke Ser-
 gius' household and his aides-de-camp
 formed a circle around the bier, while
 the regiments of the Moscow garrison
 furnished contingents for the guard of
 honor.

AT LONDON.
 Memorial Services Were Held in Rus-
 sian Church at Embassy.
 London, Feb. 23.—A memorial ser-
 vice for Grand Duke Sergius was held
 at the Russian church connected with
 the embassy and was attended by
 Count Benckendorff, Russian ambas-
 sador to Great Britain, and other
 members of the Russian embassy, rep-
 resentatives of King Edward and the
 Prince of Wales, Ambassador Choate
 and other diplomats. Sir Bernard
 Erfie Barrington, private secretary of
 Lord Lansdowne, foreign secretary,
 represented the foreign office.

REQUIEM MASSES.
 Imperial Family and Ambassadors Are
 Present at Palace Service.
 St. Petersburg, Feb. 24.—A requiem
 mass for the repose of the soul of
 Grand Duke Sergius was celebrated
 at Tsarskoe-Selo Thursday in the
 presence of Emperor Nicholas, the im-
 perial family and foreign ambassadors.
 A similar service at St. Isaac's cathe-
 dral was attended by persons promi-
 nent in society, government officials
 and military and naval officers. The
 public was not admitted. The services
 of the cathedral and Tsarskoe-Selo
 passed off without incident. St. Isaac's
 was not crowded by functionaries.

MORE TROUBLE.
 Police Made Arrests, but Were Forced
 to Release Prisoners.
 Warsaw, Feb. 23.—Workmen have
 struck in all factories in the Czerina-
 kowska district, the chief manufactur-
 ing suburb of Warsaw. There have
 been serious disturbances and strong
 forces of police and troops were sum-
 moned. The soldiers fired, but no casu-
 alties are reported. The police ar-
 rested many persons, but threats of
 the mob compelled them to release the
 prisoners.
 The employees of the Lodz-Koluszka
 railroad have struck. Lodz is entirely
 cut off from railroad communication.
HARPER'S RECOVERY
 Impressive Action of an Audience in
 Chicago Orchestral Hall.
 Chicago, Feb. 23.—A silent prayer
 for the recovery of President W. R.
 Harper of the University of Chicago,
 who Wednesday was operated on for
 cancer at the Presbyterian hospital, was
 offered Wednesday night by the
 audience assembled in Orchestral hall
 to celebrate the anniversary of Wash-
 ington's birth.
 Dr. Henry S. Pritchett, president of
 the Massachusetts School of Technol-
 ogy, delivered the principal address.
 Without pronouncing the final ben-
 ediction and with his head still bowed,
 Rev. Dr. James S. Stone, rector of St.
 James' Episcopal church, asked that
 the audience remain standing. "Let
 us for a moment invoke the blessing
 of God upon that man, that great
 scholar, that friend of us, President
 Harper, who is now undergoing such
 a serious operation, that he speedily
 may be restored to us and to his
 work." Dr. Stone, after a moments
 silence, began to repeat the Lord's
 prayer. The audience followed him.
 Almost 2000 persons thus added their
 petitions to those that had been offered
 at the University of Chicago and
 over the city.
 President Harper passed a comfort-
 able night and his condition Thursday
 morning, according to his physicians,
 was favorable.

Hydrophobia Among Cattle.
 Lake Charles, La., Feb. 23.—An epi-
 demic of hydrophobia has broken out
 among the cattle at Grand Lake and
 a special meeting of the police jury
 of Cameron parish was held to quar-
 antine against them.
Head Partly Shot Off.
 Shreveport, Feb. 23.—Near Bolinger
 unknown parties fired into a house,
 tearing off nearly one side of Tom
 Boins' head. The latter, who is a
 young negro, is in the hospital here in
 a dying condition.

LEGISLATORS ROBBED.
 Representative Witherspoon "Touched"
 For One Hundred Dollars.
 Austin, Feb. 23.—Members of the
 house who attended the Laredo cele-
 bration have returned. A number at-
 tended the bull fight at Nuevo Laredo
 and several were robbed. Senator
 Martin was robbed of \$75 and some
 valuable papers. Representative With-
 erspoon of the Panhandle was "touch-
 ed" for \$100, State Revenue Agent Bell
 was relieved of \$55, and Representa-
 tive Hancock parted with \$5. Several
 other members lost small amounts.
 Senator Hicks' bill prohibiting own-
 ers and managers of billiard halls
 permitting minors to enter or play bil-
 liards or pool in their places of busi-
 ness was passed finally in the senate.
 Judge Sam Webb's house bill au-
 thorizing commissioners' courts and
 city councils and school boards to in-
 vest sinking funds in bonds and other
 proper securities was passed in the
 senate.
 House committee on revenue and
 taxation reported favorably the bill
 providing for redemption of property
 to state for taxes. Same committee
 killed Dean and Sanders' house bill
 levying tax on C. O. D. shippers in
 local option districts.

NINETY VICTIMS.
 Horrible Odors Pervade the Mine, Aris-
 ing From Decaying Bodies.
 Birmingham, Ala., Feb. 23.—A staff
 correspondent of the News telegraphed
 Thursday morning at 10 o'clock that
 eighty-three victims of Monday's ex-
 plosion had been taken from the Vir-
 ginia mine up to that time and sever-
 more were in sight. The flooded por-
 tions of the mine will have to be
 pumped out before any more rescue
 work can be done. It is figured that
 it will be late next week before this
 can be completed, so that the remain-
 ing bodies will have to remain under-
 ground until then. President Flynn
 of the United Mine Workers of Amer-
 ica has wired for more men to assist
 in this work.
 Horrible odors pervade the entire
 mine, arising from the decomposing
 bodies, and disinfectants will have to
 be used liberally to enable the rescuers
 to work.
 The funerals of a series of victims
 took place at Virginia and nearby min-
 ing camps where dead men resided.
 Acting Governor Cunningham has
 ordered a rigid investigation of the
 cause of the disaster. A relief fund
 of more than \$10,000 has been raised
 here for the families of the victims.

SEPARATE SCHOOLS.
 Governor of Kansas Signs Bill Keep-
 ing High School Children Apart.
 Topeka, Feb. 23.—Governor Hoch
 has signed the bill providing for sepa-
 rate high schools for whites and
 blacks at Kansas City, Kan. The
 whites demanded separate schools as
 the result of the stabbing of a promi-
 nent white pupil by a negro boy. Gov-
 ernor Hoch in his message to the leg-
 isature explaining his action says that
 while in its general aspect the bill ap-
 peared to be a step backward, he be-
 lieved local conditions made the law
 advisable. He also said in the course
 of his message on the race question:
 "I am in hearty sympathy with them
 (negroes) in their great struggle for
 higher and better things, and in per-
 fect accord with the Roosevelt idea
 that every man should have a square
 deal regardless of race or color, but
 local conditions are peculiar."

SUBSTITUTE DRAFTED.
 This Document Calls For Copy of Lease
 of Foster and Osages.
 Washington, Feb. 23.—The house
 committee on Indian affairs has drafted
 a substitute for Stephens' resolu-
 tion of inquiry directed to the secre-
 tary of the interior regarding the Fos-
 ter lease of Osage Indian oil lands and
 authorized reporting the substitute.
 The substitute requests the secretary
 of the interior to furnish the house a
 copy of the lease made between the
 chief of the Osage nation and Edwin
 T. Foster and a copy of the depart-
 mental approval thereof; also copies
 of all forms of subleases granted under
 said lease.

SOON AGREED.
 Favorable Report Upon Revising Phil-
 ippine Tariff Laws.
 Washington, Feb. 23.—The senate
 committee on Philippines has author-
 ized a favorable report upon the house
 bill revising and amending the tariff
 laws of the Philippine Islands. The
 committee was in session only a short
 time and this was occupied wholly by
 Secretary of War Taft, who discussed
 the features of the measure.
